FEATURES

Robe Features

Machine-Balanced Fluting

Precise fluting with 3-1/2" of flat material for every 1" of fluting. Fabric flows naturally and gracefully from shoulders for more fullness to fit all body frames.

Concealed Zipper

Color coordinated, anchored to a double-layer of material for durability. Self-locking feature when tab is pressed down ensures closure is secure. Guaranteed for the life of the robe.

Hook & Eye Closure

Hook & eye closure machine riveted to lining materials of the yoke for extra stability and durability. Rustproof and guaranteed for the life of the robe.

Triple-Ply Front Panels

The front panels include three layers of fabric that meet at center front to support and conceal the zipper closure.

Yoke Styles

Expertly Tailored Yoke

Structured in two pieces for a more natural fit to the shoulders. Yoke foundation consists of two layers of quality inner lining for added stability, durability and shape retention.

V-neckline Yoke

The simplicity of the standard V-neckline provides a traditional, classic look.

Coverall Yoke

Coverall yokes offer a consistent look throughout your choir with a double-snap closure.

Musician's Sleeves

S500 Adjustable Sleeve Cuffs

The most popular sleeve for directors and bell ringers. Lined 3" cuff with adjustable Velcro® closure.

Glossary

Inverted Zipper

Generally used in organist's robes. A conventional zipper sewn with the opening at the bottom of the robe.

Inverted Pleat

A box pleat reversed so the fullness is turned inward.

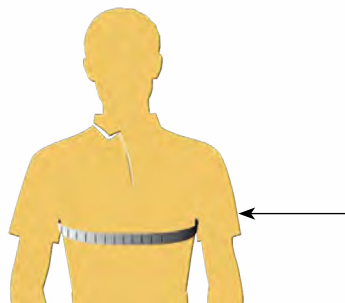

Lining

Layer of fabric sewn into an accessory to reduce visibility of dark colors showing through when paired with light colors. Enhances stability of certain fabrics.

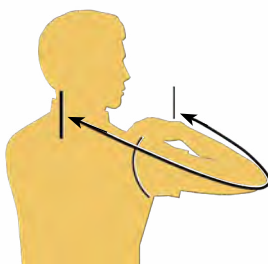

Rolled Seams

Provides a finished look by rolling the edges of the fabric before being sewn into a finished edge.

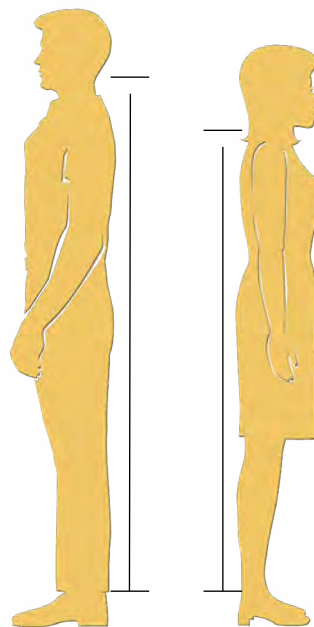

INFORMATION

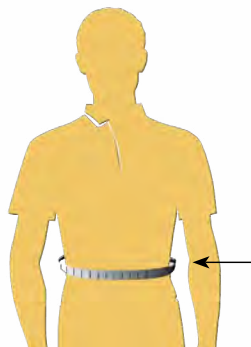

Measure around the fullest part of chest, across the shoulder blades (snug, not tight)

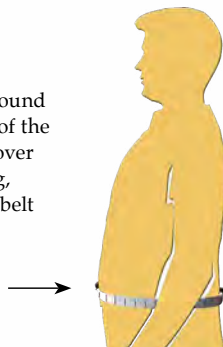

Measure from the center of the back, over the shoulder, around the elbow and down to the wrist bone

"Sunday" shoes on and heels against the wall

Measure around fullest part of the stomach, over clothing, including belt

More information available on our website. To order an item in sizes, fabrics, colors or with other details than shown, ask us for assistance with custom made ordering.

Standard Sizing: Qwick-Ship sizes fit "average" body types with non-exceptional body proportions. Order by size or item number using the appropriate item specific size chart.

How to Measure: Take measurements over clothing you normally wear during worship services. The diagrams above may help you take accurate measurements. If you need further assistance with measuring, please contact your local Murphy representative. Select the size that most closely matches your measurements and order by style, name and size code/sizing.

Chest: With arms relaxed, measure around the fullest part of the chest, under the arms and across shoulder blades. The tape should be snug but not tight. Keep tape parallel to the floor.

Sleeve: If you know your exact shirt sleeve length, use this size. To measure, bend elbow and measure from center of back at base of neck, over the shoulder, and around the elbow to the wrist bone, with lower arm parallel to the floor.

Height: Fasten a measuring chart or tape to the wall and stand straight against the wall chart, with "Sunday" shoes on and heels against the wall. The back of the head should touch the chart. Have someone place a ruler on top of your head, parallel to the floor. Your total height in shoes should be used as your height measurement.

Band Cinctures: Measure around the stomach where the cincture will be worn, over "Sunday" street clothing, including a belt. Add 4" to this measurement. Use this total measurement to determine band cincture size.

Deposit/Payment: A minimum of one-half (50%) deposit, or terms as assigned, is to accompany your order. No changes or cancellations on custom-made robes will be allowed after garments have been cut.

Shipping: Unit prices do not include the cost of shipping. Shipping costs will be added to your invoice. Seasonal demands may affect the delivery time of your order. Please allow a minimum of 8 weeks after factory receipt of your complete order for manufacturing.

Taxes: We are required to bill for all applicable taxes in your state unless you provide proof of tax exemption with your order.

Order Acknowledgment: Once an order is received, an Order In Process Acknowledgment will be sent to you which includes your order number. Refer to this order number should you need to call for questions or concerns. Once your order and measurements are processed, a Detailed Acknowledgment will be sent to you. Please check your copy carefully and notify us immediately if there are any errors. Your order is custom-made and we cannot authorize any changes, cancellations or refunds after factory production has started.

Returns: All custom products cannot be returned and are non-refundable due to personalized custom printing or fabric. Cancellations are not accepted after the order has been submitted. Please inspect your order carefully upon receipt. You must notify us of any problems within 30 days of receipt of your order. Should you have a problem with your order, call or write for return authorization and instructions. Company errors will be promptly corrected at no charge. We reserve the right to charge for any alterations or replacements for which the company is not at fault.
